ARMOUR & CO. ANNOUNCE

Extraordinary Reductions in Prices of Fresh Meats, Poultry, Butter, Eggs, Etc.

Effective Thursday, Dec. 26th, 1907

Armour & Co. have always been recognized as leaders in the fresh meat trade, but during the past few months we have been obliged to see our business gradually decrease, owing to the fact that we have been unable to compete with the many cheap markets that have been started in various parts of the city. We have therefore decided to make a drastic reduction in the prices of all our fresh meats, poultry, butter, eggs, etc., and shall hereafter endeavor to do a strictly cash business, selling at such prices as will make it impossible for any other reputable house to undersell us.

Armour & Co. Will Not Be Undersold
